

Features

- Patented Pressure Seal Technology
- Up to 3000 documents per hour
- Convenient Operator Controls
- 6 digit Manual and Batch Counter
- Auto Shutoff
- Reverse
- Bottom Feed System
- Paper Folder & Pressure Seal Unit all in one
- Solid Sealer Rolls
- Folds up to 14" documents

Benefits

- Perfect for Short Run Applications
- Secure Document Processing
- Reduce Costly Reruns
- Improved Productivity
- Simplicity of Design
- Easy to Learn & Operate

PSMailers *ISM II*

With today's business challenges of document processing such as; check fraud, employee/patient privacy, and workflow efficiency, small offices environments are confronted with implementing solutions to address both automation and security.

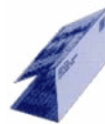

To address these demands the **PSMailers** product team introduces the **ISM II Pressure Seal System**. The **ISM II** is an out of the box solution providing for a quick setup, quiet operation, and offers user friendly controls returning the simplicity to mail processing. The **ISM II** innovative design offers an affordable desktop solution that seals as it folds pressure seal documents.

Capable of processing up to 3,000 forms per hour, the **ISM II** incorporates bottom feed technology for continuous throughput increasing your organizations productivity, while reducing operational costs. This remarkable unit offers five standard fold patterns (Z, EZ, C, EC, and V), custom folds, and forms up to 14" in length including return envelope applications.

The **PSMailers** product line is completely manufactured in the United States and its durability and value are unmatched in the industry.
